PRESS RELEASE
Haiti Instrument Donation

June 15, 2005

For Immediate Release

Lebanon, NJ 08833

HemaTechnologies, located in Lebanon, New Jersey, has announced an instrument contribution to the Whitney Clinic in Haiti. HemaTechnologies provided an automated sedimentation rate instrument, the ESR STAT PLUS, along with supplies to the clinic. The donation will assist the clinic in providing basic health care to the Haitian citizens it serves.

HemaTechnologies is a small private company that manufactures and markets the ESR STAT PLUS instrument that is sold to hospital laboratories in the United States.
